Acknowledgements:

We would like to offer our sincerest appreciation to all the directors for their dedication to the Children's Ministry and hard work in planning the Children's Christmas program. It was quite a different program this year, and wouldn't have been possible without you! Kudos to Craig Ness, Kevin Handell, and Madeline Connor for volunteering their time to help us practice with and run the audio and visual system. Thank you to all of our Parents who have been especially crucial in keep rehearsals running smoothly and for bringing your children to participate. Of course, thank you to all the children who were so wonderful in learning their lines and songs and for helping us share the JOY of Christmas everyone.

Merry Christmas, REJOICE!
